Hi Greg,

The bus drop off point for folks traveling from the race to the concert will be 10th Avenue and Collins (our concert is on 10th Avenue on the beach, so this is convenient for travel from drop off to the concert site).

Unlike our previous info, the bus will NOT be permitted to park at this location. We will need to designate a "pick up" time for the bus driver to meet us after the concert is over.

You mentioned that some people will be traveling via limo. Please let us know how many limos you will have because the procedure for limos is slightly different. Depending on how many there are (due to limited backstage space) the limo's will be given a police escort from 10th & Collins to the backstage parking area and will be permitted to park there.

Donna suggested we sit down this week to discuss this as well as all other relevant event info (i.e. materials). I think it's a great idea. We'll grab you sometime tomorrow to discuss.

Kathy
